

NEW RAILROAD TO LUNENBURG

Branch Line From the Norfolk and Western, Beginning at Blackstone.

(Special to The Times-Dispatch.) MEMPHIS, Va., May 15.—There are no prospects in sight for a railroad through Lunenburg county in the next few years, and the eight miles of bed that have been graded through a portion of the county will remain uncompleted, unless the Southern will come to some kind of agreement to build it, in order that they may secure the right of way for the line that are sent out from Lunenburg county. The Lunenburg Lumber Company came here several years ago to acquire several thousand acres of fine timber lands, and in order to get this to market work was commenced as soon as possible upon a road that lay between the Southern near this point, and running east through Lunenburg a distance of about twenty miles. The road was to be completed, with the understanding that the Southern would supply the amount of rails necessary to complete it, but for some reason they failed to do this, and the result was that everything has been at a standstill for the past year. There is only one Wizard Oil—Hamlin's—name blown in the bottle. Signature—Hamlin Bros. wrapper. Take no substitute. 50c. and 25c.

Falling in this, the company has abandoned the idea of completing the road from this point, having received enough encouragement from the Norfolk and Western to warrant its leaving the Southern and going to Blackstone to seek an outlet. In an interview with Mr. H. B. Miller, president of this company, here this week, he said that an engineer had been engaged to go over this route, and he was sure that the road could be completed without any further trouble. This will be a separate and distinct road from the Blackstone and Southern road, and will run through Lunenburg near New Plymouth and will at this point make a bend in this direction and will traverse the heavily timbered section of this county. This new route will be several miles longer than the one from this point, but it is understood that the inducements offered by the Norfolk and Western will more than pay the expenses of covering the distance to Blackstone. The road is expected for the road the tools will be moved from this place to Blackstone and work will be commenced as soon as the next congressman from this district can be elected. It is believed that the fight will be somewhat close between Messrs. Cameron and Southall should the former enter the field.

ABANDON CEMETERY. Bishop Van de Vyver Made Party to Friendly Suit. (Special to The Times-Dispatch.) WINCHESTER, Va., May 15.—As an instance of how many of us are for names to pass away, or how many remain as memories, or how many are less attractive, one needs only to cite the pasting of the old Catholic Cemetery that has been in existence for more than an hundred years in the eastern part of this city. Its existence for some years, however, has been a matter of one, or its use as a place in which to bury the Catholic dead has been discarded for a beautiful little cemetery on a southern slope of Winchester, and the historic old graveyard has gone to ruin. A hedge which once surrounded the place and was a thing of beauty in those days, had grown into a scraggly and uncouth barrier, while the interior of the sacred place had become a riotous and unwholesome thicket. As the neglected cemetery is at the corner of Railroad street and National avenue, and the city and the community has been extending its building line to the other side of the place, making it necessary that a new and more sanitary and respectable graveyard be made, and many at night, it has become an eyesore to the men and a thing of horror to the women and children. The Catholics were willing to sell it, but this required some action by the court. Not many years since a special act was passed by the legislature, permitting its condemnation by the proper authorities. Recently the City Council condemned it, and a few days since the Honorable Robert M. Ward, for M. M. Lynch, instituted a friendly suit in the Circuit Court of Frederick county, naming Bishop Van de Vyver as the defendant, and the object of which is to establish the ownership of the cemetery and offer it for sale. It is believed that the cemetery was established about 1760 upon land given by Major Edward McGuire, the ancestor of that family now so extensively known in Virginia. Tradition says

that the church which was erected upon the lot in conjunction with the burial plot, was done so with funds furnished by the wealthy Frenchman. This is borne out by the fact that there was a tombstone in the cemetery, which read: "The Rev. Father of the Holy Trinity, late Consul-General of France and Agent of the Royal Marine, aged 30 years." The cemetery also contains the grave of Patrick Denver, who came to Winchester in 1795 from Ireland, and who was the grandfather of General Denver, and the territory of Kentucky was acquired from him by the city of Denver, Colo., was named.

PRINCE EDWARD COUNTY.

Thieves Make Many Raids on Farmville Factories.

(Special to The Times-Dispatch.) FARMVILLE, Va., May 16.—May term of Prince Edward County Court began this morning, Judge Hundly presiding. The court was engaged to-day in the trial of one felony and one assault case. In the case of Frank Hayes, the jury found him guilty, and fixed his punishment at twelve months in the county jail, Robert Davenport was sentenced to six days in jail for assault on Mr. J. H. Glenn, of Prospect. The court will be in session several days. Thieves are making a raid on the factories of Farmville. A week or two ago some one entered the factory of B. L. Anderson, ransacked Messrs. Anderson and Morris's offices, and carried away all that they could handle; about five or six dollars in money was also taken. The factory boxes were broken open, but there was nothing in any of them, except one. Last Saturday night and Sunday during the day time, evidently the same parties, entered the factories of W. P. Gilliam, J. L. Putney and W. G. Dunnington. At the factory of Gilliam and Putney they secured a hatchet and broke open every desk in the office, but only secured about forty postage stamps and a few other small office articles. The factory of Mr. Dunnington was entered some time during Sunday, and an attempt was made to enter his safe. They were evidently inexperienced safecrackers. They commenced their work by trying to take off the hinges. After breaking open several desks and scattering valuable papers all over the office, they departed, taking a solid iron safe, and a good portion of the contents, which they carried as far as known no one knows who they are.

SORES AND ULCERS SHOW A BAD CONDITION OF THE BLOOD

When the blood is in bad condition a bruise, cut, scratch, or any slight injury to the flesh, is apt to become an ugly-looking sore or ulcer. Sometimes a boil, blister or pimple is the beginning of a large eating ulcer or open, discharging sore. Often the blood is naturally bad, and is that way from birth, and such people suffer with various kinds of sores from infancy through old age. The blood may become so weak and watery from the effects of malarial sickness, debility or some other chronic trouble, that the impurities break out in bad sores on the lower extremities or other part of the body. There is always some morbid, unhealthy matter in the blood that keeps the sore discharging, and must be gotten out before it will heal. Washes and salves, while cleansing, soothing and helpful, will not do it, because they do not reach the poisoned blood; but S. S. S. cleanses and purifies the diseased blood, and when this is accomplished the place heals. Where the health has been impaired it restores strength and vigor to the system, improves the appetite and digestion, and tones up the nerves. Purifying the blood is the surest way to get rid of an old sore or ulcer. Medical advice is free.
